Since 500 grams of gold (chemical symbol: Au) cannot be eaten and digested like 500 grams of cheese, it follows that gold is worth nothing!
So get moving and build Paradise immediately to avoid being burned alive by God!

Dato che 500 grammi di oro (simbolo chimico: Au) non si possono mangiare e digerire come 500 grammi di formaggio, si deduce che l'oro non vale niente!
Quindi muoviti e costruisci subito il Paradiso, per evitare di essere bruciato vivo

da Dio!

Andrea Cosimo D'Amicis
